

AT THE CENTRE OF
EVERY HEALTHY LIFE

IS A HEALTHY GUT

Discover a nutritional solution for every gastrointestinal manifestation

GI conditions are common. That is why it is very important to maintain your pet's healthy gut. When the gut is healthy, he is able to live an enjoyable, wholesome life — full of the things that both of you love most. The PURINA® PRO PLAN® gastrointestinal range offers advanced nutritional solutions that are clinically proven, highly palatable and a simple and effective way for managing all GI disorders. It is also recommended to complement all GI cases with Fortiflora, the unique probiotic from Purina.
